positive as more male role models were being sought in the Primary sector. *Georgetown Primary*: the Member had now received his DPS check to sit on the Governing Body. *Glanhowy Primary*: awarded 'School of the Week' by the South Wales Argus.

**j) Tredegar Business Forum** – Councillors J. Morgan and H. Trollope had met with the appropriate BG Officer to discuss the provision of three new planters in the town and to undertake a walkabout with BG Members and Business Forum representatives.

**k) VVP / Tredegar Heritage Initiative** – some problems had arisen in relation to the former town hall, with the original contractor no longer being used; the process proved more complicated with a Listed Building and use of public funding – three estimates were required and appropriate contractors were in short supply with the proper accreditation. Estimates had been sought in respect of the heads and stone sills in front of the building and, unless replaced properly, all interior works would be affected. Water ingress had been detected and therefore complications; also, payments and finance issues raised with the Member, who was pleased to confirm any issues had now been authenticated; unfortunately, any delay factor would add to the cost.

Another Member added that he wished to commend the renovation works undertaken to the Town Clock, which he considered 'tip top'.

### **035) Matters of Local Interest or Concern (by prior notice)**

- Land at Tynewydd – a Member said there was a grassed area of land opposite houses in Tynewydd, which she understood the Local Authority should cut each year. The Town Councillors representing the Ward brought this to the attention of BGCBC each year to be cut. Unfortunately, two individuals had been noted releasing their dogs on the area, which was used by parents for children to play in safety.  
Agreed: Council to write to Blaenau Gwent requesting that the area be included in the rota for the Grass-cutting Maintenance Programme.
- Highways issue, Trefil – works undertaken to a gas main had resulted in the footpath being dug up and lost along Trefil road; this was a grassed footpath that pedestrians could use. There was now an issue as individuals had to walk in the road, which was really dangerous. It was believed the company undertaking the work had become bankrupt.  
Agreed: Council to write to Blaenau Gwent asking of their intention in addressing this issue.
- Area where fly-grazing had been an issue with horses on the land, could be an area for wildflowers, etc. and therefore remove the problem of fly-grazing.

**To receive and consider the following Item which in the opinion of the proper officer, is/are an exempt item(s) taking into account consideration of the public interest test and that the press and public should be excluded from the meeting (the reason for the decision for the exemption is available on a schedule maintained by the proper officer).**

**036) Public Perception: to provide an opportunity to discuss the roles, responsibilities and functions of Council.**

A Member had asked that this matter be agendaed for consideration of Council, as comments made on social media by the public indicated a need to publicise what was within the remit of the Town Council, outlining the role of the Council and its' functions. He said greater clarity was needed and suggested that the website could inform and signpost the public to the appropriate party, e.g. the Local Authority for planning issues.

Following consideration, Members made observations and provided feedback, as follows:

- The Town Council website and designated Facebook page outlined the responsibilities of TTC; however, a Member stressed the importance of utilising FB appropriately, with statements presented on behalf of Council as a whole, not as individuals. Another Member said Council should be working on what was best for the town and Members should be unified, working together as a group.
- Members had no issue with promoting all the work undertaken by Town Council.
- Issues not relating to Town Council should be signposted direct to appropriate authority and not discussed by Council; a Member suggested that all Members should be in the position to advise on the responsibilities of Town Council and refer matters under the remit of Blaenau Gwent.
- Members needed to take any opportunities to attend training provided to broaden scope of knowledge.
- Recognised that communication of differing roles of Town Council and Local Authority had always proven problematic. A Member felt a section was needed on the website, identifying roles and signposting individuals to the appropriate authority, e.g. Planning and Licensing – Local Authority.

It was therefore agreed: Council to undertake a review of the website and other social media; to convene a meeting of the Publicity Sub-Committee to progress, with an invite extended to all Members to attend.

There being no other business, the meeting closed at 7.35 p.m.
